THE BEST GOOD SHOE

'Invictus'

THE BASIS OF A GOOD SHOE is in good reliable material and Workmanship. The best leather alone won't answer. Every step from the shaping of the last to the soleing of the shoe itself must be done by skilled specialists. There is no guess work about it — no mere approximation to correctness — but exactly the right thing done in every part.

Even the quality of the thread and the number of the stitches are important.

Even to the very last and minutest detail. "INVICTUS SHOES" are built upon the basis of reliable material and thorough workmanship.
